John,

I wasn't sure if Don Duckworth, our consultant got back to you but there should be all those documents available at the General Meeting that will be handed out.

As for the number of property owners, I think we are looking to have 30 to 40 of the owners present for the meeting. See you there.
Thank you.

Deny

Hi Don,

My Chief of Staff, Rich Llewellyn, forwarded me the email with the letter about Draft Introductory Message to Property Owners. I didn't see the other documents you mentioned and I wanted to ask if those were available through email. Hope all is well, and I'll see you Monday night.
